COORDINATED COMMUNITY ACTION MODEL

This Model demonstrates, in abbreviated form, ways communities can accountably act to support battered women and children, and hold batterers accountable for their behavior. It is not a definitive representation. This Model primarily identifies heterosexual males as perpetrators of domestic violence (DV), as they comprise 95% of the batterers in this country. This Model was developed by Mike Jackson and David Garvin with the feedback of over 118 reviewers. We are grateful for their input, and acknowledge the Domestic Abuse Intervention Project for the wheel format. Permission to reproduce is given if there are no changes and credit is given. Please make copies and distribute them for your public education efforts (to obtain an 18 x 24 poster of this Model contact DVIM at 313 769-6334). We welcome your feedback for future editions. See pages 2-8 for more information.
